

PAY WITH RING

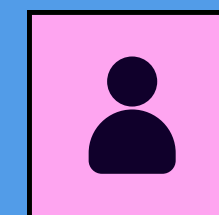

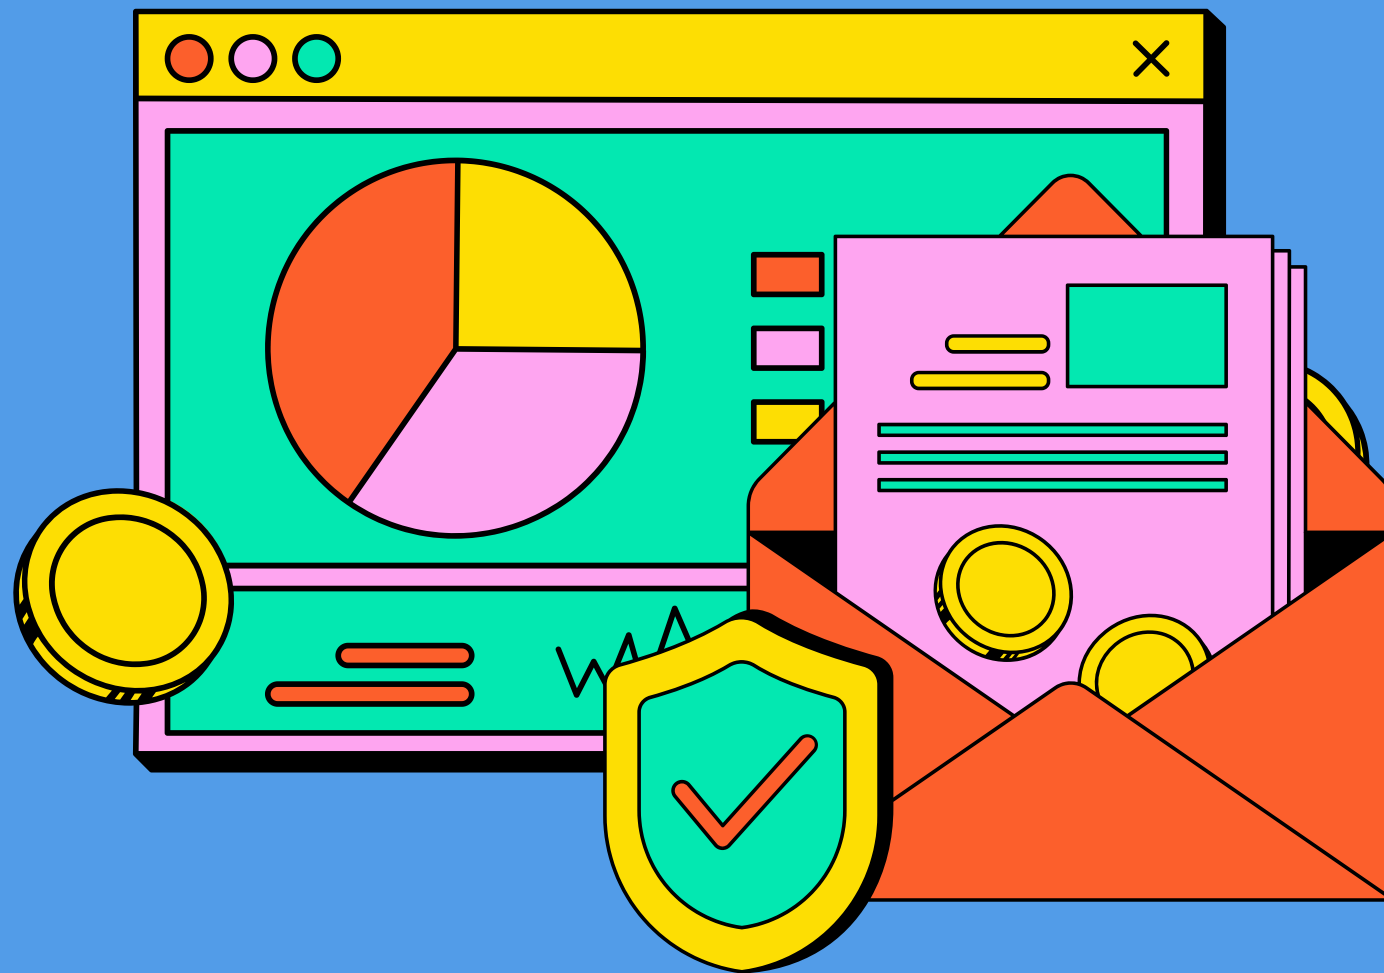

MARKETING
PRESENTATION

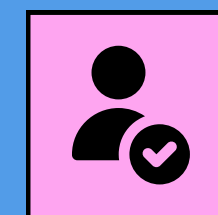

PAY WITH RING

Pay with RING is a payments and credit application that provides financial services to small merchants to help grow their businesses. It allows merchants to accept UPI payments from their customers through QR codes and provides hassle-free loans that help them meet urgent business requirements.

- Collaborate with the Lifestyle/Beauty influencers to promote the Merchants (where PaywithRing is used)

Offline

- Pop-up markets in IT/Corporate Parks to have access to the TG.
- Follow up with the TG via Email marketing

MERCHANT INCENTIVES

1

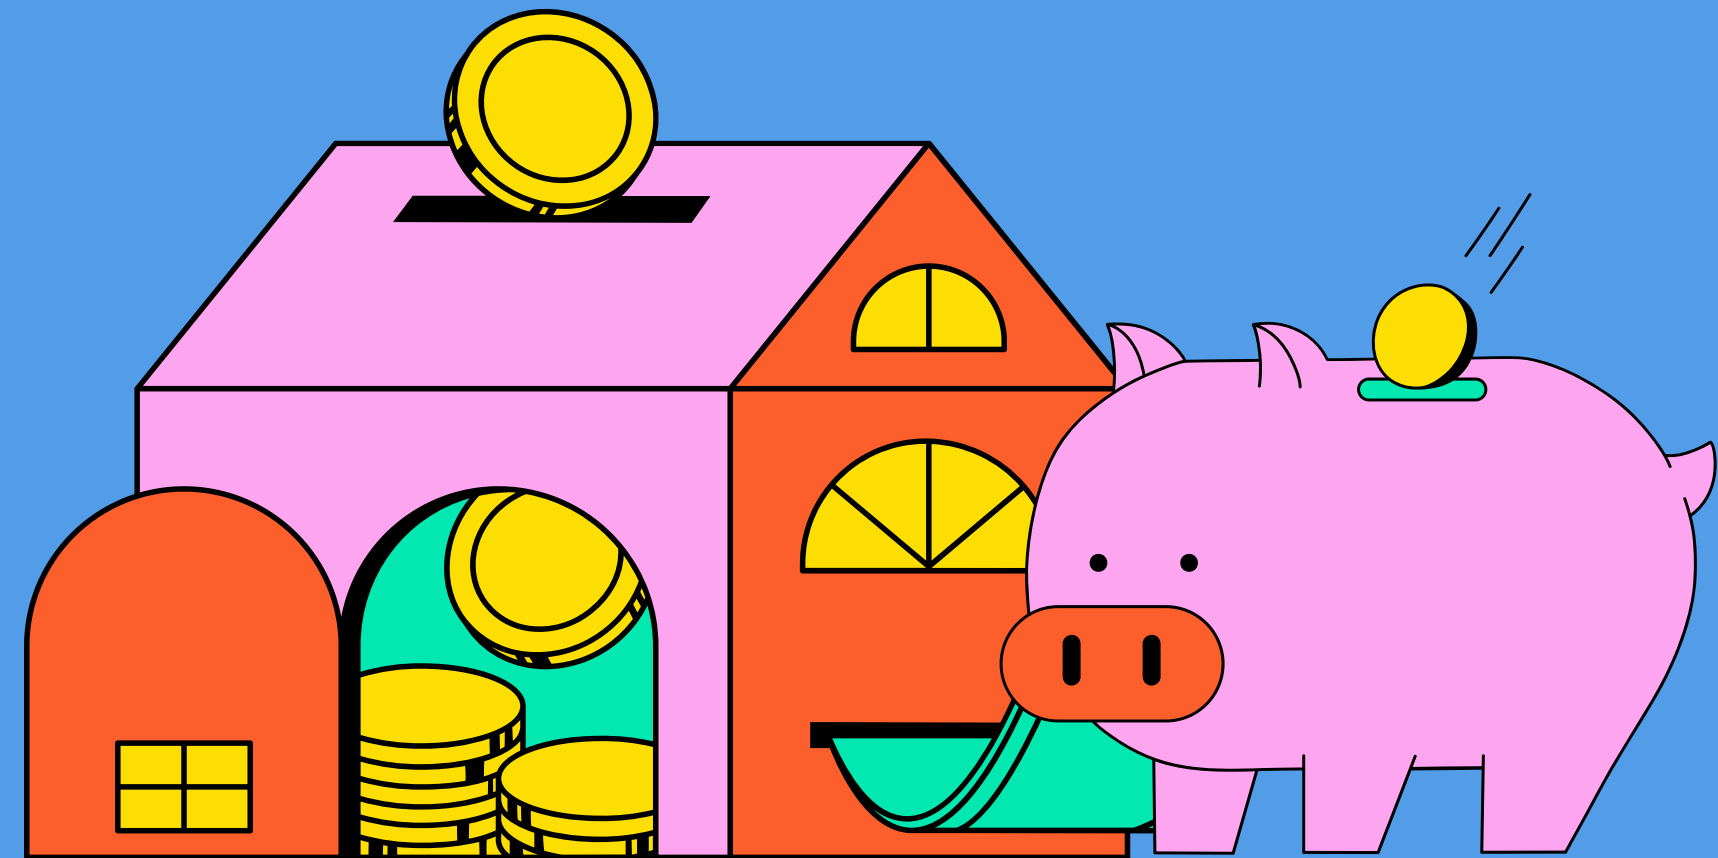

Entry level merchants can use a free mobile QR to accept payments, typically using Pay with Ring App or UPI.

2

For Beauty and Apparel: When the credit limit is fully utilized then the customer will get more credit points and the merchants will get 10-20% of that credit limit.

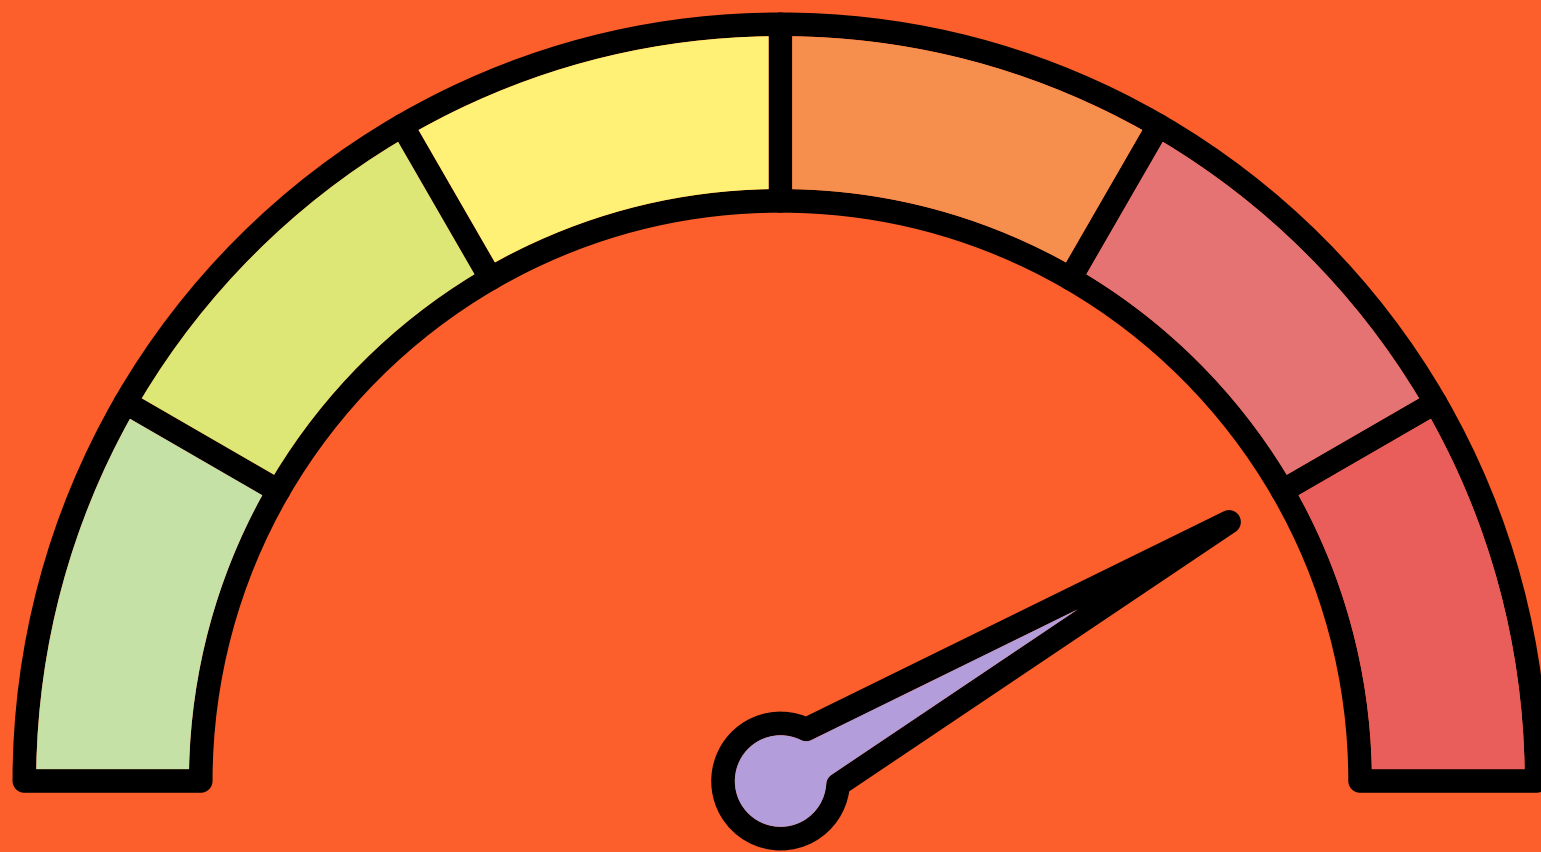

3

For Travel: depending on the no. of customers using the maximum limit.
